10 FACTS ABOUT SISTERHOOD

- 1** We are proud to support the Jewish Theological Seminary, Ziegler School of Rabbinic Studies, and the State of Israel, perpetuating Conservative Judaism.
- 2** Sisterhood is designed for its members and their needs, offering flexible programming and services: mornings, evenings, and weekends.
- 3** We participate in programs to help the homeless, aged, and needy members of our communities.
- 4** We are a multifaceted organization, “on target” for today's woman, with educational activities and community services.
- 5** We are the backbone of our synagogue families.
- 6** We provide the opportunity for each member to share talents and skills. We enable each member to find fellowship and a sense of belonging.
- 7** Our voices are heard through our affiliation with Women's League's representation in national organizations.
- 8** Equal as we may be, men and women also find satisfaction within single-sex groups, facing different kinds of issues.
- 9** Special interest groups, study groups, exercise classes, community service projects, political action campaigns, and advocacy are all a part of Sisterhood and know no age limits.
- 10** We provide financial support to the Religious School, USY/Kadima, and the Synagogue kitchens.
